Private Lesson Teachers

2016

Revised 8/16/16

All CSMS band members are encouraged to pursue private lessons. Private study provides experience, guidance, and strengthens skills beyond what can adequately be addressed in school group lessons. Lessons are tailored to individual student and instrument needs, so they are beneficial for students at all musical levels. Prices and times vary for each instructor, but are usually around \$20 for a 30-minute lesson once a week. Please take advantage of this opportunity and consider the following local teachers. Your band director would be happy to recommend a private lesson teacher that would meet your child's needs.
